- 3 You say you stayed there until about six, when you

- 5 A. Yes.
- 6 Q. Have you any recollection of how many nuns were in the

- 8 A. There would only have been one nun. There -- at that
- 9 time I think there was workers. I am not quite sure if
- 10 there was definitely workers, but I think there was

- 15 maybe I was transferred from the nursery to the other
- 16 part of the home, but it definitely was a happy time.
- 17 Q. And you say later in your statement that you actually
- 18 made friends in the nursery you said who remained your
- 19 friends throughout. That's right?
- 20 A. Well, they were -- they were children that were reared

- 22 only -- at that time I was two years old. So I'm having
- 23 three or four years with children of the same age. So
- 24 it's -- again I don't know any different. So I'm happy
- 25 enough in the environment.

- 5 ranks together later on, yes.
- 6 Q. Can I ask you throughout your time in Termonbacca did
- 7 you have any contact with your mother at all?
- 8 A. No. Definitely not, no, because at that stage I was --
- 9 I mean to say I wasn't aware that -- I suppose, because
- 10 I never had a mother, I didn't know that you actually
- 11 had a mother. You were a child in an orphanage, but
- 12 I often wondered, "What's this all about?" She did send
- 13 a lady up to see me in a little room that I was asked to
- 14 come to.
- 15 Q. Yes. It was at one of the parlours in the home?
- 16 A. Aye, a little small room there between the nursery and
- 17 the main -- as the chapel would have been, maybe the
- 18 next room to it, and I walked into the room and this
- 19 lady said that my mother had sent her, because she had
- 20 a baby the same time as her, born the same time as her,r
- 21 and I asked, "Where is she?" and she said, "Well, I'm
- 22 going to take you out for a day up to Creggan where
- 23 I live and you can spend the day out with me, basically
- 24 for like a day out", and she did have one of her
- 25 children with her there in -- when she came to visit me

# Page 6

- 1 in -- in Termonbacca, but when -- when I went up to the
- 2 house in Creggan, there was a whole family and lots
- 3 of -- seemed to be lots of people there. So I wouldn't
- 4 have known if my mother was one of them. So basically
- 5 that was the end of that. I sort of thought, "Well,
  - this could be the start of maybe ..." Why did she not
- 7 come and say, "Look here. I'm your mother", but it
- 8 never happened?
- 9 Q. Can I ask you -- you go on in your statement to talk
- 10 about how you moved from the nursery to the junior
- 11 dormitory on the following page at paragraph 5, and you
- 12 say that you were about 6 or 7. You say that a certain
- 13 nun was in charge of the dormitory and you actually name
- 14
  - her there and she is seen on the statement here as SR2.
  - A. Uh-huh.
- 16 O. There was another nun who was in charge of the senior
- 17 dormitory and she is shown in your statement as SR1.
- 18 You say:
- 19 "The dorm was basically an ex-army hut with a tin
- 20 roof made out of corrugated iron."
- 21 A. Uh-huh.
- 22 O. "Beds were lined down the middle of the room and there
  - was a much larger bed in the corner for a senior boy."
- 24
- 25 Q. "Whoever was in charge of the dormitory slept in the big

Page 7

- bed in the corner. In the other corner there was
- 2 a cubicle with a window where the nun slept."
- 3 Can I just confirm that when you say whoever was in
- 4 charge of the nursery, what do you mean by that? Who
- 5 would have been in charge -- sorry -- of the dormitory.
- 6 Who would have been in the charge of the dormitory? Who
- 7 would have slept in that bed at the end of the --
- 8 A. As in the senior boy? It could have been any. It
- 9 seemed to be not the same person all the time. I don't
- 10 know whether they took turns or -- but that -- that
- 11 particular bed was for a senior person. I wouldn't --
- 12 I couldn't say that the same person all the time was in
- 13 that bed, but I do know that that person was basically
- 14 in charge of that room, and a lot of the time when we
- 15 were going to bed the room seemed to be overrun with 16 older boys, who were at liberty to be there, do what
- 17 they like, just basically were the bosses, but
- 18 definitely no nun to be seen to regulate anything.
- 19 Q. Yes. You say that the nuns gave the responsibility over 20 to the senior boys to look after you. Is that correct?
- 21 A. Well, not so much in -- I mean, to see it from our point
- 22 of view, they were there and we wouldn't be aware of who
- 23 was meant to be doing what, but I couldn't more or less
- 24 say -- the nun was in charge, but, sure, you know, there 25 was just too many people for her to handle, so obviously

#### the seniors took control basically and were let do it.

- 2 O. And when you talk about the seniors and the older boys,
- 3 you say in your statement, paragraph 6, that they would
- 4 have been about 14 or 15 when you were about 6 or 7.
- 5 A. Yes, pretty much. They were senior to us anyway. There 6 wasn't like -- between 6 and 7 to 14, there definitely
- 7 was that gap where they were superior to us.
- 8 Q. You go on in paragraph 7 to say that:

9 "The nuns seemed to love having them around, because 10 they had responsibility for us",

11 and you would seldom ever see the nuns and that the 12 nuns spent very little time with you. Is that correct?

13 A. Well, I mean to say there was two different buildings.

14 There was a large stone building, like a very large

15 stone building, where the nuns -- basically that was

16 their -- their quarters, and the Nissan hut as such 17

would have been ours. So they weren't able to spend 18

24/7, because they spent quite a lot of time going to

19 offertory, as we learned it was, to go praying. You

know, we were left -- basically left to your own

21 devices, but the older boys definitely had a playing

22

23 Q. Well, we will come back to that. Just if I can take you 24 to paragraph 7 there, you say:

25 "At night the senior boy in charge" -- this is in

Page 9

1 Q. Perhaps can I -- I don't want --

2 A. Do you want to elaborate yourself?

3 Q. Well, I'm not --

4 A. You know, I know what you are saying. Is there 5 something you want to ask me?

Q. You use the description that the boy used the younger 6

7 boys for his entertainment and that you were called on

8 a couple of occasions. Is there anything you want to

9 add to what's there or would you rather not?

#### 10 A. No, no. It doesn't leave much to the imagination 11

12 Q. You do talk about the Sisters and refer to them and you 13 do speak about SR2 in particular.

14 A. Uh-huh.

25

12

13

14

21

23

15 Q. At paragraph 6 you talk about her and you say that you 16 couldn't approach her, that she wasn't nice.

17 "She was a bully and she was very controlling. She 18 was the sort of person who made you feel like you were 19 always doing something wrong and you were a problem.

20 There was no love in her at all."

21 You say that she was an evil, hateful bitch. She 22 gave you a nickname "Tucker" and it stuck, and, as you

23 say, you wouldn't have minded if this was a nickname

24 that you had been given by your friends, but it was

given to you by the nun, and you then heard her voice on

Page 11

charge of the dormitory -- "would walk up and down the 1

2 dormitory and batter us across the legs with a brush.

I would just lie there and say nothing out of fear. The

senior boy in charge would change depending on who was

5 available and the older boys would take turns",

which is again just in accordance with what you

just told us:

"Every night the senior boy would call out the names of the younger children. He would take them round to

his bed and strip them and use them for his

11 entertainment. You had to pretend you were sleeping.

You wouldn't even be able to breathe, because if he

13 thought you were breathing, you would be called over to

14 his bed. I often heard my name being called. I was

15 brought over to a senior boy's bed on a couple of

16 occasions. I never once saw the nun walking up and down

17 and checking on the boys, and she must have heard names

18 of boys being called. I can't understand how she never

19 once came out that door. The dormitory was a bad place

20 to be. There was no way out and the nun was no

21 advantage to us."

22 Is there anything you want to add to that, HIA196,

23 or does that sum up --

24 A. No, that's basically -- you couldn't add much more to 25 that. It's just terrible.

Page 10

1 the radio some time later and she was going to work in

2 Africa, in South Africa.

3 You then talk about her again at paragraph 13, where

4 you say that, the second line there. She was always

5 threatening you "If you don't do this ...", you wouldn't

6 be going to the family who eventually adopted you for

7 a week in July or August. She would have you pairing

socks on a Thursday evening from 5.00 pm until midnight. 8 9

You would be kneeling on the ground and she would have 10

you like that for five hours until the blood stopped

11 flowing to your knees. It was cruelty.

> "I used to love getting out of Termonbacca in the summer. She would give you a wee case and send you off on your holidays. It was great to get away, but it was

15 devastating to come back."

16 I will talk again about you leaving the home,

17 HIA196, but again you speak about this particular nun at 18 paragraph 18:

19

"Even after I left Termonbacca these people still 20 had access to the younger boys."

By "these people" you mean the older boys. Isn't 22 that correct?

#### A. Even after I left Termonbacca?

24 Q. Yes. You are saying that even after you are gone you 25 were aware that the older boys were still having access

- 1 to the younger boys. You say:
- 2 "I just don't understand why that was allowed to
- 3 happen. Was it because they were this particular nun's
- 4 favourites and they were the ones that helped her? She
- 5 knew it was going on. It is not what she did; it is
- 6 what she could have done. She could have put things in
- 7 place to stop it happening. Those older boys had the
- 8 run of that place. They were bullies."
- 9 A. 100%, correct.
- 10 Q. Can I just ask you: do you ever remember anybody from
- 11 Social Services coming to Termonbacca when you were
- 12 living there?
- 13 A. Never.
- 14 Q. Or do you ever remember any visits by any senior nuns
- 15 from the congregation?
- 16 A. Never, never.
- 17 Q. What about anybody else? Was there any visitors who did
- 18 come to Termonbacca?
- 19 A. The -- what do you call them? George Johnston -- St.
- 20 Vincent de Paul. They would have come up on Sundays
- 21 mostly, Sunday evenings, and walked about basically with
- 22 the nuns and maybe had bits of conversation with the
- 23 boys as -- because there was a good -- we actually
- 24 looked forward to them coming, because there was very
- 25 few -- there was actually nobody ever came to visit as
  - Page 13

vou?

- 2 A. It would have been Christmas time only.
- 3 Q. Only at Christmas?
- 4 A. Only at Christmas, aye. There was no such thing as
- 5 birthday parties or -- I mean to say they had probably
- 6 that many children, but I was always of the opinion when
- 7 SR1 was giving out the money on Saturday for us to go
- 8 down the town, she would have had a large ledger book,
- 9 and when I'd come in to get the money, I'd always make
- 10 a point of looking at the date, thinking the date that
- 11 I seen was my birthday, but it turned out it wasn't. It
- 12 was the date I was put into that home.
- 13 Q. Can I just ask you about the nun giving you money to go
- 14 into town was this?
- 15 A. Yes.
- 16 Q. Was this like pocket money?
- 17 A. Yes.
- 18 Q. And was this on a weekly basis?
- 19 A. Well, from memory, yes.
- 20 Q. And did --
- 21 A. I mean, it could have been every two weeks, but I think
- 22 -- I think now it was every week.
- 23 Q. And can you remember how much you got?
- 24 A. Half a Crown in those days, 2 and 6.
- 25 Q. 2 and 6. Some of us are certainly old enough to

Page 15

- 1 such. I don't remember anybody coming up to -- to do
- 2 anything really. We would have had a music teacher,
- 3 Giles Doherty, would have come to teach us how to sing
- 4 and we also had a man called Mr McCaffrey, who was out
- 5 of the secondary school that we attended, come up and
- 6 done the plays at Christmas, but other than that there
- 7 wasn't -- there was no Social Services people at all.
- 8 Q. What about the plays at Christmas? Was there anyone
- 9 came to that?
- 10 A. As in visitors? The -- SND131 was the bishop and he
- 11 always came every -- it was quite a good -- we looked
- 12 forward to that, because it was -- brought a bit of life
- 13 to the place and was -- we all took part in it, singing
- 14 and I think even had our own brass instruments band. It
- 15 had -- the home itself had its own band, which was
- 16 something different, and we did have music lessons maybe
- 17 -- probably once a week or maybe once every two weeks,
- 18 but he came and done -- done that, the music lessons,
- 19 but other than that there wasn't -- there was very
- 20 little entertainment as such.
- 21 Q. And what about presents? Did you ever get any presents?
- 22 A. Well, in those days cowboys, feathers and bow and arrows
- 23 and that's pretty much what was in the presents.
- 24 That's -- that's what we got. There was presents, yes.
- 25 Q. There were presents. When were these presents given to Page 14

- 1 remember what that is --
- 2 A. Yes.
- 3 Q. -- but it translates into about 12 and a half pence
- 4 I think in new money.
- 5 A. Well, in today's money, yes. I think -- now I am not
- 6 quite sure, but I think maybe the older boys might have
- 7 got more than the younger boys. I think there might
- 8 have been -- you know, there was -- and then on your
- 9 behaviour too, you know.
- 10 CHAIRMAN: I think it is fair to say it was a not
- 11 insubstantial sum in those days.
- 12 MS SMITH: Yes, it was quite a lot of money in the 1950s and
- 13

15

- 14 A. Yes. I am saying the older boys might have got that and
  - the younger boys might have got less. They might have
- 16 got 2 shillings and the older boys might have got the 2
- 17 and 6.
- 18 Q. Did everyone in the home get this money?
- 19 A. Well, from -- I would think -- I think everybody did,
- 20 because we used to go in groups, and it was the
- 21 highlight of the week. You know, it was something --
- 22 you know, we were never out other than going to school.
- 23 It was an adventure to go down -- down the town.
- 25 your statement, you talk here about the daily routine in

Page 16

Q. And can I then ask you if we can go to paragraph 9 in

24

"The daily routine began when we were awakened by a bell. If any boy had wet his bed, he would have to carry his sheets the whole way from the dormitory to the bathroom. We were all lined up naked for our bath and they bathed us in Jeyes Fluid. The smell of the Jeyes Fluid was horrendous. We had to go to mass at about 7.00 am. When we came back, we would have breakfast and then go to school."

Can I just pause there and ask you if you -- if mass was at 7.00 and people were being bathed beforehand, can you recall what time of the morning you might have got up at?

15 A. Well, because mass was actually in the home, I don't 16 know were we wakened at 6 o'clock or 6.30 or 7.00. 17 I just wouldn't know exactly what time, but, first of 18 all, if you had to get up -- it says there about going 19 for a bath. Well, not everybody -- it was only one or 20 two and they would have had to carry -- his name I think 21

22 Q. Yes. It can't be repeated outside this room, but you 23 are certainly able to name somebody.

-- am I allowed to say his name?

24 A. Well, I think the lad -- it was the same lad all the time every morning, and I used to -- I used to feel 25 Page 17

1 wouldn't have had to bath every morning, but when we did

2 have a bath, it was definitely done in Jeves Fluid.

- 3 Q. You go on to talk about being an altar server as well.
- 4 You didn't eat until after mass. Isn't that correct?
- 5
- 6 Q. And you talk about fainting at mass because you were
- 7 hungry. You say you weren't ill treated by the priests
- 8 and that there was one nice priest who you name in that
- 9 paragraph who would have played with you and he seemed
- 10 like a lovely man.
- 11 A. He seemed to -- from recollection he seemed to be the 12 only priest that came over to play in the playing fields
- 13 and he was a young priest, but he was -- definitely was
- 14 all right, like. He never done anything. He was Father
- 15 Lynch, was a very nice priest, but somewhere along the
- 16 line I heard that he had left the priesthood, or I don't
- 17 know. It's just something in the back of my mind that
- 18 he had left the priesthood, but he was a very nice man.
- 19 Q. HIA196, at paragraph 21 you talk about the fact that you
- 20 were called by a number in the home and that you were
- 21 number 28.
- 22 A. Uh-huh.
- 23 Q. Can I just ask you about that? It's been suggested by
- 24 the congregation that they didn't have any policy of
- 25 numbering children, that what they did may have been to

Page 19

- 1 sorry for him, because obviously it wasn't -- it wasn't 2 a deliberate thing, but he wet his bed every day, and 3 I think it was SND153. I'm not -- I'm not -- I mean to
- 4 say I'm only saying that for the purposes of here, but 5 he was made carry his sheets and was made an exhibition
- 6 of, and it wasn't done quietly. It was "You've done it
- 7 again" and he was made carry the sheets from here to the
- 8 far side of the building. 9

There was a bathroom on -- up at the large dormitory. There was facilities there, but a room that had about 10 or 15 sinks in it had been closed for years and years. At one time I would never have seen into it, and at some stage it got -- it only had sinks in it now, but at some stage it got opened up or fixed or whatever was wrong, but he would have had to carry his sheets from the large dormitory down through a room that we would have called the recreation room, down a corridor past the small dormitory and down a corridor past the sewing room and the boot room, and that was quite -- he was having to carry his sheets. I don't know. There definitely always was the one boy, but I don't know was there half a dozen. I don't think there was as many as

half a dozen, but I do know that he -- this was on a daily occurrence with him and he was made

an exhibition of. As for the rest of the boys we

Page 18

- 1 sew a number into the clothing --
- 2
- 3 Q. -- so when clothes came back from the laundry --
- 4 A. Uh-huh. Uh-huh.
- Q. -- and they needed to give you the shirt that fitted
- 6 you, they would say, "Number 28, here's your shirt".
- 7 A. Uh-huh.
- 8 Q. Can you say anything about that?
- 9 A. I would actually agree with that. I would say that was
- 10 a sensible thing to do. The numbering wasn't -- it
- 11 wasn't like in a prison that you might be know by your
- 12 number and not your name. We were definitely known by
- 13 names such as "Tucker", you know. So I'm not aware that
- 14 other boys had a label as such put on them, but
- 15 I definitely had, and I wasn't talked, "28, come here"
- or "Go there" or "Do this". 28 was definitely only 16
- 17 for -- it was the number was there, okay, but I remember
- 18 it in the boot room and I don't really remember it being
- 19 on my clothes, but obviously it played some part in the
- 20 -- in the running of the place.
- 21 Q. When you say you remember it being in the boot room, can
- 22 you explain what you mean by that?
- 23 A. Well, the boot room was square holes with numbers on
- 24 them and that's where your boots went or your shoes. It
- 25 was called the boot room, but maybe the clothes --

3

6

9

- I mean to say if you were wearing a coat or anything,
- 2 I think the coats may have gone into that same room.
- 3 Q. Thank you. Now can I ask you just what was your
- 4 relationship with the nuns was like? How would you
- 5 describe it?

1

9

- 6 A. Well, SR1 was the older of the two nuns that was in
- 7 charge and I never had any problems with her. I have
- 8 witnessed her giving boys beatings, but I must have been
  - a good boy, because I didn't get any beatings off her.
- SR2 was a completely different kettle of fish in that she had a built in anger, hatred. There was a
- that she had a built in anger, hatred. There was no relationship whatsoever with her. You could say she was
- under pressure, but she really didn't have to be,
- because, you know, the boys were doing a good job in
- 15 running the place and she should have had the life of
- 16 Riley
- 17 Q. Can I ask you what you want to tell the Inquiry about
- the food that you got in Termonbacca?
- A. Well, food would have been brought up out of the kitchen whatever meal times or that. I found that on a Sunday
- whatever meal times or that. I found that on a Sunday vou would be starving, absolutely starving, and that the
- you would be starving, absolutely starving, and that the reason given for no tea or anything in the middle of the
- reason given for no tea or anything in the middle of the day or perhaps after 12 o'clock on any day would be tha
- day or perhaps after 12 o'clock on any day would be that the visitors were coming up, which was St. Vincent de
- 25 Paul.

#### Page 21

- did not eat with us. So we hadn't a clue what -- what
- 2 kind of a breakfast. I know the priest that came up got
  - a nice breakfast every morning, because I served mass
- 4 and I could smell the food. So ...
- 5 Our food was basic enough. We got gruel, which is
  - meant to be porridge, and we got tapioca. I think
- 7 that's what you call it, but there was no -- it was
- 8 basic food just.
  - Q. Okay. Can you confirm to the Inquiry that you have no
- 10 complaint to make about the clothing that was provided
- 11 to you?
- 12 A. Well, clothing -- we had our school uniforms, which were
- 13 cleaned. I remember them having to be cleaned in August
- 14 time for starting with some kind of vinegar or
- 15 something. I don't know what was used on them, but they
- were stinking. I never actually seen new clothes as
- 17 such. You know, I don't know where the clothes came out
- $18\,$  of, but I would not have been looking forward to putting
- on something that I knew was new.
- 20 Q. Can you say anything about chores in the home? Did boys
- 21 carry out chores?
- 22 A. Well, you were made do it whether you wanted to do it or
- 23 not. We would link up in long lines. There was that
- 24 corridor there between the small dormitory. It was just
- 25 a long running corridor. We would link and you would

#### Page 23

- 1 The meals room was a large -- large room and
- 2 basically I got to know that there was a tub of Flora,
- 3 if I was lucky enough, and I would go in and run my
- 4 finger across it and eat it and run back out again in
- 5 case you get caught, but as for food, you got your meals
- 6 at meal times and that was basically it, but Sunday was
- 7 a terrible day, because you weren't going to get
- 8 anything to eat, possibly 6.00, 7.00, or whatever,
- 9 6 o'clock probably, and that's -- the hunger in the
- 10 morning too would have been one of the reasons why
- 11 I would have fainted at mass, because you were getting
- 12 up and you didn't get your breakfast till after mass.
- 13 Then you were to be at the school. We walked to school,
- 14 there and back, all schools, and you wouldn't have got
- anything to eat until it was time to go to school. So
- you'd a long space from you got up until you -- because
- of mass.
- 18 Q. And you say in paragraph 20 that you were always hungry
- 19 in Termonbacca. You say you think it was run on
- 20 starvation. Now it has been suggested there was food
- from the farm and that the boys and nuns ate the same
- food. Have you any comment to make on that?
- 23 A. Well, we wouldn't know what the nuns ate, because the
- nuns did not eat along with us. They -- everything --
- 25 their life was over in the big stone building. So they  $Page \ 22$

- 1 have a cloth under your right foot and you would go back
- $2 \qquad \text{ and forward and back and forward, and that's one of the} \\$
- 3 chores, and the other chore that I had and detested was 4 pairing socks for four hours or whatever it took for the
- pairing seems for four hours of whatever it took for the
- 5 whole of the place and no help whatsoever from anyone.
- 6 Q. What do you want to say to the Inquiry about the
- 7 education you received when you were in Termonbacca?
- 8 A. Well, there was no facilities for education in
- 9 Termonbacca. I mean to say, you went to school, and if
- 10 you had homework, you done your homework, but other --
- there was no facilities for sports or anything other
- 12 than being basically kept from morning to night and fed
- and watered and put -- get to your bed and that's
- basically it. It was a ritual morning to night, night
- 15 to morning. Nothing really forward -- to look forward
- 16 to, and the only form of entertainment I remember was
- a tennis table, and at most only four people could play
- on it, but there was never -- I don't remember football
- or swimming. We went to swimming with the -- because of the school, but that was -- had nothing to do with the
- 21 home, you know.
- 22 Q. Can I just take to you paragraph 10 of your statement?
- 23 You said that you went to primary school in Nazareth
- 24 House in Bishop Street. You walked there on foot. Your
- 25 teacher was called Mrs Casey and you were happy in

1 school.

- 2 **A.** Uh-huh.
- 3 Q. You describe the classrooms. You do describe
- 4 an occasion when you were punished in school for
- 5 knocking another boy off his chair by the nun who --
- 6 A. I knocked a girl off her chair. They took me in next
- 7 door to SR9. She taught all girls. She got the girls
- 8 to hold me out like a star, eagle-shaped or whatever,
- 9 but, of course, it couldn't be done unless you were
- stripped naked, and she battered me as hard as she
- could, and I presume at primary school I was probably
- 12 five years old, and that I will never forget.
- Q. Do you remember after leaving Bishop Street did you goto Bridge Street at all?
- 15 A. Went to Bridge Street, yes.
- 16 Q. Then you went on to secondary school in St. Joseph's in
- the Creggan?
- 18 A. Uh-huh, yes.
- 19 Q. You talk about that in paragraph 11. You say that you
- 20 had to walk up the hill to school every day no matter
- 21 what the weather was like.
- 22 "There was no transport in those days. At school we were always called 'the home boys'. We were ashamed."
- 24 A. Well, there was a label put on you that -- that was it.
- 25 You were different than everybody else, and you didn't

Page 25

- going to talk about some of the specific allegations
- 2 that you want the Inquiry to hear about. At
- 3 paragraph 15 -- perhaps if I just read this. It is on
- 4 the page before you. There seems to be a difficulty
- 5 with the statement and what has happened to
- 6 paragraph 15, Chairman, but perhaps if I just read it
- 7 anyway and I will read it slowly. You can't see --
- 8 CHAIRMAN: Perhaps you would use the designations for the
  - individual's surname.
- 10 MS SMITH: I will do.
- "On another occasion I was told that a certain
  - person wanted to see me up in the laundry."
- I am not going to name that person.
- 14 **A. Uh-huh.**
- Q. "The laundry was a newly built place up a walkway someway away from the main building. It wasn't too far from
- the little cottage where two workers lived."
- 18 You name those workers, and you are saying that you
- 19 never had a problem with either of those two people.
- 20 A. Uh-huh.
- 21 Q. One of them, in fact, was a nice man, but you say that
- you always thought there was something going on between
  - one of them and one of the nuns who you name.
- 24 A. Uh-huh.
- 25 Q. You say:

## Page 27

- 1 mingle with the rest of the boys, because if you were
- a home boy, you come to school with them and you were
- 3 going home with them. So there was no outside contact
- 4 with any -- you didn't make friends with the outside
- 5 world really, because you weren't part of it.
- $6\,$   $\,$  Q. You talk about the uniform and about the vinegar there.
- 7 Then you say that:
- 8 "But I always thought I was well enough dressed. It
- 9 is not like we were in rags or anything."
- 10 You say that:
- "As far as the nuns were concerned, we were living
- in the lap of luxury. Education-wise I always felt like
- 13 a gopher. We were never encouraged to aim for anything
- in life."
- 15 Can you explain what you were trying to say to the
- 16 Inquiry there?
- 17 A. About?
- 18 Q. Just in that -- those couple of lines about --
- 19 A. That sentence?
- 20 Q. Yes.
- 21 A. You just felt disadvantaged. You know, you were in
- a rut, a situation that -- because it is through no
- 23 fault of your own. You are just in that situation.
- Nothing you can do about it.
- 25 Q. Just move to paragraph 15, please. HIA196, I am now Page 26

- 1 "They were very close" -- that is the nun and this 2 person -- "and they would stand for hours and hours --
- and this person would stand for hours and hours in the
  - sewing room talking to her."
    - Then paragraph 6 goes on:
- 6 "We would have had absolutely no reason to be in the
  - laundry. I went up, and when I opened the door, I saw
- 8 my friend ...",
- 9 and I am going to name him. He is SND11. I know
- 10 you want to talk about him later, HIA196. So I am
- 11 naming him for you.
- 12 **A. Uh-huh.**
- 13 Q. "I saw my friend SND11 standing totally naked. This
- other person was the instigator of what was going on.
- Sister SR2 had this person doing the laundry work. So
- he would have had access to whoever he wanted.
- 17 I remember being stripped naked and laid on a wooden
- rack. This person and his mates would have touched me
- sexually, but they didn't make me touch them. SND11 and
- I were both subjected to this. The abuse never went
- 21 further than touching."
- In paragraph 17 you say:
- 23 "I couldn't believe it, because I was only a child.
- I was about six or seven and he think he would have been
- 25 14 or 15. I had my little circle of friends that I had

- 1 known since nursery in Termonbacca and they were like
- 2 brothers to me. So we got attached. He infiltrated
- 3 that friendship."
- 4 Then you go on to describe what you learned happened
- 5 to SND11. I think you want to talk about that, HIS196.
- 6 A. Well, I just want to go to the start of that where --
- 7 how I ended up in the lorry -- laundry. I was actually
- 8 sent for. I was sent for, in other words.
- 9 Q. Yes. I don't want you to name anybody.
- 10 A. Oh, no, no, no. I am not naming a name, but I was
- 11 actually approached by somebody who that person sent for
- 12 me. So obviously he had a conversation with SND11 and
- 13 he asked him, "Who is your friend or who do you hang
- about with?" or whatever and that's why I ended up, 14
- 15 because I was actually sent for.
- 16 What was your second one there?
- 17 Q. You were just -- you wanted the Inquiry to hear what had 18 happened to SND11.
- 19 A. Well, I attended one of your meetings in Derry and I --
- 20 there were some of the boys from Termonbacca there, who
- 21 were there after I was there, but SND11, his name was
- 22 mentioned. I think I said that he was run over by
- 23 a train or something in London and they -- their
- 24 information wasn't correct and they sort of made little
- 25 of it, that he was a nut case or something to that
  - Page 29

- 1 A. Yes.
- Q. You say that you can't be completely sure, but you think
- 3 one of the older boys who abused you in a dormitory was
- a different lad. You are 60% sure that it wasn't the 4
- 5 person who was in the laundry who was in the dormitory.
- 6 A. Yes.

- 7 Q. Then you go on at paragraph 19 to describe another
- 8 occasion when during the summer you were out playing and
  - you noticed a light on in the bathroom.
- 10 "The windows were high up. I climbed up to look in.
- 11 I saw [this person who had been in the laundry] standing
- 12 there with a load of boys. He grabbed me and pulled me
- 13 up through the window."
- 14 Now can I just ask you -- just pause there and ask
- 15 you to explain how that was possible, how he was able to
- 16 grab you through the window?
- 17 A. Because I climbed up off the ground up. The window
- 18 would have been at a higher level and was -- there was
- 19 probably a waste-pipe or something there and I was
- 20 able -- the reason I climbed up there was to see in at
- 21 the window, because there was a light on, so out of
- 22 curiosity, for no other reason. I wouldn't be aware of
- 23 what was going on in there, but when I did climb up and
- 24 I seen -- they seen me then too and they pulled me on
- 25 into the bathroom.

#### Page 31

- 1 effect, and because they weren't -- they had been there
- 2 after I was there and that was the story they had in
- 3 their heads, I didn't go into it or I didn't change it,
- 4 but I could have told them that SND11 took his own life
- 5 because of what happened him obviously. He wasn't
- 6 adopted or he wasn't -- I wasn't aware that he had any 7 family, which we probably wouldn't have had information,
- 8 and also I wouldn't have been in contact with him from
- 9 I left Termonbacca. So I don't know how long he stayed.
- 10 The last information I got was that he had taken his own
- 11 life and that information was given to me by --
- 12 Q. By someone else?
- 13 A. -- someone else who had been in the home, who had worked
- 14 in the kitchen all his life and who -- basically that's
- 15 the story, and he hadn't much pity for him either, but
- 16 I would like to say that I know that SND11 was in that
- 17 position and I don't think that he took his own life for
- 18 no reason.
- 19 Q. Now you talk in paragraph 18 -- we have referred to some
- 20 of that, but you just say that you remember this person
- 21 who we have talked about who was in the laundry and
- 22 another older boy who you name, and this is again if
- 23 I can just -- about halfway down through paragraph 18.
- 24 You couldn't remember this person's surname, but you
- 25 thought it wasn't another person by the same first name.
  - Page 30

- Q. You go on to say that another boy whose name you can't
- 2 remember hit you with a towel rail across the head --
- 3 A. Yes.

1

9

- 4 Q. -- and you had to go to Altnagelvin for treatment --
- 6 Q. -- and you say you still have a scar.
- 7 A. Uh-huh.
- 8 Q. You believe that the person who you saw who worked in
  - the laundry ended up across the border, that you were
- 10 told that by someone. Is that correct?
- 11 A. Yes. I reported this to Nexus and Nexus came back with
- 12 information to me that he had been transferred or was no
- 13 longer in -- had been maybe taken for doing something in
- 14 Derry. I don't know. It's basically that information
- 15 is in my head from what Nexus said. That was reported
- 16 to Nexus in 2002 or thereabouts.
- 17 Q. While you were in Termonbacca, you were actually
- 18 fostered out, HIA196.
- 19 A. Yes.
- 20 Q. First if we go back to paragraph 12, you initially went
- 21 to a family in Omagh --
- 22 A. Yes.
- 23 Q. -- with another boy.
- 24 A. Yes.
- 25 Q. You say they were nice people, and then you were

- 1 fostered out to a family who eventually adopted you when
- 2 you were about 13.
- 3 **A.** Yes.
- 4 Q. That would have been in 1966, and you talk about in
- 5 paragraph 12 and other paragraphs about how you enjoyed
- 6 being there, how you worked hard and eventually you took
- 7 over the -- your adoptive father's business.
- 8 A. Yes.
- 9 Q. Isn't that right?
- 10 A. Yes.
- 11 Q. In the years after you left Termonbacca have you had any
- 12 contact with the nuns?
- 13 A. None whatsoever, only to -- when I was getting married,
- 14 I went up for my mother's details, which sister give me.
- 15 Q. SR2 I think this is.
- 16 A. Uh-huh.
- 17 Q. She gave those details to you, and how was she to you
- 18 that day?
- 19 A. Oh, lovely, very nice.
- 20 Q. And can you comment on that?
- 21 A. No, other than she got the details for me and was just
- 22 very nice about it. No con... --
- 23 Q. Just to be clear this was the same nun about whom you
- 24 were complaining earlier?
- 25 A. Oh, yes. Oh, yes, yes, yes.

Page 33

- 1 given the responsibility. It is up to them to -- if
- 2 they take it on, they should carry it out, you know.
- 3 It's just a sad story.
- 4 Q. Finally, as you know, HIA196, this Inquiry has to make
- 5 recommendations to the Northern Ireland Executive about
- 6 a potential apology, or some form of appropriate
- 7 memorial or tribute, and also whether some other form of
- 8 redress is appropriate.
- 9 I wonder is there anything you would like to say to
- the Inquiry about those matters?
- 11 A. No.

17

23

- 12 Q. You have no view on what should be recommended?
- 13 A. No, I don't. This is as much as I can handle anyway.
- 14 I know it will get carried out all right, but I don't
- 15 have any view as to what -- I don't think there's
- a solution to the problem as such, but to be able to say
  - what you have to say and, you know, it's good to get the
- 18 opportunity, you know.
- 19 Q. Finally, is there anything else that you wish to say
- 20 that we haven't covered?
- 21 A. No. That's pretty much it there.
- 22 Q. Thank you. The Chairman and Panel Members may have some
  - questions for house.
- 24 Questions by THE PANEL
- 25 CHAIRMAN: HIA196, can I just ask you about what you have

Page 35

- 1 Q. And --
- A. I had -- I actually would have had my fiancee with me,
- 3 so -- not that that would have made a pile of
- 4 difference, but she actually wasn't the person you would
- 5 have thought that you experienced years ago.
- 6 Q. Subsequently you did marry and that marriage sadly
- 7 ended--
- 8 A. Uh-huh.
- 9 Q. -- and you have four children, and you have been with
- your current partner for the last four years.
- 11 A. Yes.
- 12 Q. Can I ask you -- just before I go on to that you talked
- about the brass band. Did you actually play in the
- 14 brass band?
- 15 A. No, no --
- 16 Q. Did --
- 17 A. -- but lots of boys did. They had a band obviously.
- 18 I just -- I know the band existed and quiet good.
- 19 Q. Well, can I ask you, HIA196, what is your attitude today
- 20 to those who looked after you at Termonbacca?
- A. It's not good. It's not good. It's just a sad story from start to finish. Unfortunately, you know, when
- you're born, you have no say in your future, and a lot
- of it is left up to the people, especially your parents,
- and if you parents don't exist, then somebody else is
  - Page 34

- described to us when you were allowed to go into the
- 2 town on your own and you got pocket money, 2 and 6
- a week you thought? You left Termonbacca completely
- 4 when you were adopted in 1966. So you are talking about
- 5 a time when you were coming up to or certainly you
- 6 weren't any more than 13 -- isn't that right --
- 7 A. Uh-huh.
- 8 Q. -- when you were going down town?
- 9 Were you and the other boys allowed to go down on
- your own, or did you have to go in groups, or what way
- 11 did it work?
- 12 A. Well, they did go in groups, yes. They definitely did
- go in groups. I don't think anybody went on their own.
- We had our own wee friends as such. You would have
- 15 had -- you definitely went in groups, okay, and other
- 16 than that you -- there wasn't -- I don't think there was
- anybody went on their own as such. Definitely not.
- 18 Q. And you were given 2 and 6 before you went presumably so
- 19 you could spend it on sweets or lemonade or whatever you
- wanted to spend it on?
- 21 A. Yes, yes.
- 22 Q. And I am old enough to remember that 2 and 6 would go
- 23 quite a long way in those days.
- 24 A. Uh-huh.
- 25 Q. Buy quite a lot of lemonade, or chocolate, or sweets, or

1 whatever. Isn't that right? 1 (Short break) 2 (11.40 am) A. Uh-huh. 3 MS DOHERTY: HIA196, thank you for your testimony. I was 3 CHAIRMAN: Yes. 4 4 just wondering if you want to say anything about how Perusal of documents and biography of nuns SR5 and SR11 5 your time in Termonbacca affected your life as an adult. 5 given by COUNSEL TO THE INQUIRY 6 Do you feel it had any ...? 6 MR AIKEN: Good morning, Chairman, Members of the Panel, 7 7 ladies and gentlemen. I intend to be brief this morning A. Well, I can just put one word on that: disaster, 8 8 disaster. My life has been -- because of being a baby and I'm going to briefly look at the fourth and fifth 9 9 to start with, having met up with my mother, making nun in the biography process that we were engaged in 10 10 arrangements to meet her after I got married, more or yesterday and then look at two small sets of documents 11 11 less being told, "It's pretty much your own fault". from the 1950s that relate to Termonbacca in a similar 12 12 I've -- she went on to have six children and I was her vein to the SND131 documents that we looked at a couple 13 first child out of wedlock, but she went on to have 13 of days ago. 14 14 six -- seven children, and more or less told me not to So if I can first deal with -- we dealt with three 15 15 nuns yesterday, SR1, SR2 -- and you will find the be coming near her, just stay away. Didn't want to 16 16 references on page 6 of the designation list -- and SR3, 17 17 and this morning I am going to deal briefly with SR5, In the adoption end of it, because of the life that 18 I would have had in Termonbacca, I was pretty glad to 18 who you will find on page 6 also. 19 19 get taken out by anybody. They were good people, yes, There is not a major amount of information that is 20 but I done work that their own children didn't do or 20 available at the moment on SR5, who is an individual who 21 wouldn't do or couldn't just -- wouldn't have had a clue 21 will come up in various witnesses' evidence that you are 22 how to do it, but in saying that I am very grateful for 22 going to hear, but if we can first of all bring up 23 23 having been taken out and been given a home, but the SND-6341. While I am going to use the name, the name is 24 24 experience of somebody having been put in somewhere not to be published. 25 where the child has no say in what -- how things go, but 25 CHAIRMAN: Do we need to know the name really? Page 37 Page 39 1 certainly I don't know who should have put something in 1 MR AIKEN: Well, we can --2 place or why it wasn't detected or why was it let go or 2 CHAIRMAN: The parties have the designation. 3 3 ... The fact this inquiry is taking place will tell you MR AIKEN: They do. They do. You can see the designation that there was something not right. 4 4 list doesn't contain the Christian name of the nun, but 5 Q. Thank you. 5 we can deal with that in another way, but you'll see --6 MR LANE: Thank you very much. 6 in fact, you won't see from the document, but you can 7 7 A. Thank you. take it from me, Members of the Panel, that SR5 was born 8 Q. The Chairman has already asked the question I was going 8 and you will see she comes from County 9 to ask. 9 Cork. Further down the document at the bottom you will 10 A. Yes. Sure. 10 see -- it is again redacted for our purposes -- but she 11 Q. Thank you for that. 11 12 CHAIRMAN: Well, thank you for coming today, HIA196. That's 12 CHAIRMAN: So if we just look at her religious life, she was 13 all as far as we are concerned. If you would like to go 13 professed on 15th August 1950. So she was 2... 14 14 MR AIKEN: 28. now, you are free to go. 15 15 A. Yes. Thank you for everything. CHAIRMAN: 28. 16 CHAIRMAN: Thank you. 16 MR AIKEN: This appears to be a personnel record, if I can 17 (Witness withdrew) 17 classify it in that way, that was kept by the 18 MS SMITH: Chairman, that concludes the oral testimony for 18 congregation in respect of Sisters. They are not 19 today. There is some material I understand that 19 available for all of the Sisters as yet, although, as 20 20 Mr Aiken will be presenting to the Inquiry, but perhaps Mr Montague says, there's a further search underway to 21 it is appropriate to take a short five-minute break. 21 see if more information can be found, but this Sister, 22 22 CHAIRMAN: Very well. We will start again at 11.40. SR5, then worked in Termonbacca from 1971 to 1974 and 23 23 MS SMITH: 11.40. during that period she was aged 49 to 53. 24 (11.30 am) 24 If we bring up SND-5781, please. Just maximise the 25 25 page for me. I am afraid that's the one that hasn't got Page 38 Page 40

2	CHAIRMAN: She is number three on the list	2	If we can go to 5770, please.
3	MR AIKEN: Yes.	3	CHAIRMAN: I'm sorry. Do we have SR6 in this list in 1951?
4	CHAIRMAN: and described as being responsible for the	4	MR AIKEN: SR6?

17	towards a	17	one of the two letters LC relates to, and now her

24	MR AIKEN: Yes. You will hear a number of individuals talk	24	about in the evidence that you've heard this week and
